

## What is the most important information I should know about aloe vera topical?

Last Updated Tuesday, 03 July 2007

Aloe vera topical has not been evaluated by the FDA for safety, effectiveness, or purity. All potential risks and/or advantages of aloe vera topical may not be known. Additionally, there are no regulated manufacturing standards in place for these compounds. There have been instances where herbal/health supplements have been sold which were contaminated with toxic metals or other drugs. Herbal/health supplements should be purchased from a reliable source to minimize the risk of contamination
